

Public Health Canada is recommending that you wear a mask when you leave home. This mask will **NOT** prevent you from getting COVID-19 but it will prevent you from spreading germs. It is not medical grade. *Wearing a mask does not replace practicing safe distancing or hand washing.* For more info go to Public Health Canada's website.

#STAYHOME

Wash your hands before putting on the mask. Only hold the mask by the ties or elastic when putting it on. To remove the mask: remove it from behind your head. Don't touch the front of mask; assume it has germs.

Wash in hot water every day or whenever it becomes damp.
The mask is made of 100% prewashed cotton.

Please wash the mask before using.
